Annual Picnic At Minor Shoool

Altho last Friday was anything but an ideal picnic day, there was a good turnout at the annual Stonewall Picnic, held at Minor School. Two games of baseball were played, Cherry Valley defeating Minor, 14-12, and Monitor also lost to Cherry Valley, 10-4. Perry was there with his big stick and his batting was responsible for the double victory.

Batteries: Minor, Saski and Saski; Cherry Valley, Saski and Sheldon; Monitor, Ehlinger and Evans; W. C. Gamble called the balls and strikes.

A program of foot and horse races, tug-of-war, etc., was run off despite the dust storms and showers of rain.

A large gathering attended the dance in Earl's Barn, the music being supplied by the Monitor Orchestra.

The committee in charge of the picnic wish to take this opportunity of thanking those who furnished the music during the afternoon and evening, and to the members of the Local for their kind assistance.

The continued hot dry spell has just about put the finishing touches on what little crop was expected, in this district, and the pastures are practically all burned up, with very little sign of relief in sight. Many of the farmers are now sending their stock away up north to where there is plenty of grass, and will winter there.

Present indications point to a little rain, today.

A dance will be held in the Horseshoe Schoolhouse on Friday July 25th, at 8 p. m.

Admission 50 cents. A good time guaranteed, everybody come.

A survey party is camped in town, and is at present working in the railway yards.

Axel Anderson left during the week for LeGoff, Alta.

Regular Monthly Meeting of the G. W. V. A. will be held on Saturday afternoon, July 26th, at 4 o'clock.

Biggest Dance of the Season
Friday, August 15th

DEERING FARM IMPLEMENTS

have proved to be the most economical Implements on the market, because they wear longer, require less repairs, run lighter, and best of all there is that satisfied feeling you have when using them.

We are taking orders now for Binders, Mowers and Rakes. If you don't have a crop you don't have to take the machines.

We sell the Hamilton Plow, the best plow made

ALERT ALTARIO

The Supper served by the W. Institute on Sports Day was spoken of in high praise by all who partook of the good things. The cooking was excellent, there was abundance of eats and drinks and the "alert" service was worthy of this alert town. The tables were tastefully decorated and even the most captious critic could find nothing to suggest, everything was done to a turn and on time. Ladies Congratulations!

The new President of the Ladies Aid, Mrs. J. D. Robinson, is a live wire in every sense of the word, and under her capable leadership we feel sure the Aid will grow, not only in grace but in greenbacks, and the time will not be far distant when our town will have a place of worship worthy of the Canadian Church. To this end there are whispers of a Garden Party in the near future. We would like to add that all ladies of any religious belief whatsoever, or of none, are made cordially welcome to the Aid meetings and if strangers are in town on Aid day they will be given the right hand of fellowship and the cup that cheers.

The first annual Peace Day celebration was held on the 19th at Altario. The day was opened by the children's choir rendering "O Canada" followed by a few appropriate remarks by Chairman Rev. Amos. The Sports then opened, and some exciting contests were provided by the contestants. One feature of the day was the presentation, to returned soldiers, by the community of a parchment in recognition of services given to our country in the great war. Rev. Mr. Amos opened the ceremony followed with a few remarks from Alfred Wright and Capt Batchelor the made the presentation to A. V. McLeod, G. W. McLeod, L. Robinson, E. Milton, J. Rikstad, J. Elhaust, J. Graulich, E. Peckett, G. Huff, F. Larson, J. Anderson, G. Demanski, J. H. Robertson and Capt Batchelor.

After supper the children's choir gave an open air concert, which was up to the usual excellent standard. Fireworks were next in order and the display given was well worth waiting to see. A well attended dance put the finishing touch on the proceedings.

Great credit is due to the committees, individually and as a whole, for the arrangements which made possible the very enjoyable day had by all.

The following are the results of the races:

Men's 100 yards dash
Bartholomew, Prouse
High Jump
Botheras, Bartholomew
Relay Race
Compeor team, Caldwell, Cpt.
Married Ladies
Mrs. Neelands, Mrs. Wallace
Ladies Egg Race
Mrs. Wallace, Mrs. Oxton

Baseball
Compeor, Altario
J. C. Staley and wife are on a vacation, in their car, taking in the Regina Fair.

Reggie Staley has gone to Major to work.

The Muzzling Order is to be enforced against the Newsman. Our bark, which is worse than our bite, is to be stopped. All that is left for us now is to wag our "tale" in joyful approval. If we want to growl we must do so inwardly, for in Altario, the land of free speech, it is not permitted to baysed to have an opinion. Being Scotch we can "aye object." This column is therefore To Let and the kind of correspondent required must be first of all Canadian, no British need apply, the other qualifications necessary are partial blindness, a thick skin, a broad back, a meek and mild disposition of the kiss for a blow type, and sheepishness when all social functions are arranged. What offers?

MORTGAGE SALE OF FARM PROPERTY NEAR MONITOR, ALBERTA

PURSUANT to the directions of the Registrar of the North Alberta Land Registration District, there will be offered for Sale by A. H. Garries, at the Monitor Hotel in the Town of Monitor in the Province of Alberta, on Saturday, 26th day of July, 1919 at the hour of 2 o'clock in the afternoon the following lands, namely:

The South-West Quarter of Section (20), Township Thirty-Five (35), Range Four (4), West of the Fourth Meridian, in the Province of Alberta, containing by admeasurement One Hundred and Sixty (160) Acres of Land excepting mines and minerals.

The Vendors are informed that there are 100 Acres of land, of 160 Acres are good arable land.

The property is fenced on three sides with a three strand wire fence and willow posts.

The soil on the said property is dark loam with clay subsoil averaging approximately ten to twelve feet in depth.

The nearest railway station to the said property is Monitor a distance of Three Miles.

The said property is situated in a settlement of English speaking people.

The property is situated Three Miles from a church and Three Miles from a school.

There is no water on the said property.

There are One Hundred Acres of land under cultivation on the said property.

The Vendors are informed that there are 100 Acres of land, of 160 Acres are good arable land.

The property is fenced on three sides with a three strand wire fence and willow posts.

The soil on the said property is dark loam with clay subsoil averaging approximately ten to twelve feet in depth.

The nearest railway station to the said property is Monitor a distance of Three Miles.

The said property is situated Three Miles from a church and Three Miles from a school.

There is no water on the said property.

There are One Hundred Acres of land under cultivation on the said property.

The Vendors are informed that there are 100 Acres of land, of 160 Acres are good arable land.

The property is fenced on three sides with a three strand wire fence and willow posts.

The soil on the said property is dark loam with clay subsoil averaging approximately ten to twelve feet in depth.

The nearest railway station to the said property is Monitor a distance of Three Miles.

The said property is situated Three Miles from a church and Three Miles from a school.

There is no water on the said property.

There are One Hundred Acres of land under cultivation on the said property.

The Vendors are informed that there are 100 Acres of land, of 160 Acres are good arable land.

The property is fenced on three sides with a three strand wire fence and willow posts.

The soil on the said property is dark loam with clay subsoil averaging approximately ten to twelve feet in depth.

Note and Comment

MUNICIPAL DISTRICT
VOTERS' LIST

Prior to the year 1917 the right to vote at an election for Councillors for a Municipal District was limited to the parties who were assessed for land. In the year 1917, however, the right to vote for Councillors was extended to include the wives, husbands, sons and daughters of the persons assessed, provided such wives, husbands, sons and daughters were twenty-one years of age and resident within the boundaries of the Municipality. It was felt that the relatives of the owners or occupants of land were by their industry assisting both directly and indirectly in the progress and work of the Municipality and therefore it seemed only fair that they should have a right to say who they wished to carry on the business of the Municipality.

The amendment to the Act, however, which made provisions for these parties voting, placed upon the Secty-Treas. the burden of finding out who the parties were that were entitled to vote because of their relation to persons who were assessed, and of entering their names on the Voters' List. It was found that it was impossible for a Secretary-Treasurer without a great amount of labor to make a complete list of these people. For example, sons and daughters of persons assessed are entitled to have their names placed on the Voters' List when they become twenty-one years of age, and when the Secty-Treas. was required to make up the list it was absolutely impossible for him to do so properly without making a canvass of the entire District each year, inquiring as to when these parties became of age, and also as to whether or not they were resident in the Municipality. This being the case it was felt to be unfair that such a burden should be placed on that official, therefore, at the last session of the Legislature, the Hon. A. G. MacKay, Minister of Municipal Affairs, introduced an amendment which has now become law, requiring all persons who were entitled to vote at an election for Councillors, because of their being wives, husbands, sons or daughters of persons assessed, to register their names with the Secty-Treasurer.

All parties entitled to vote because of their relationship to a person assessed must make application to have their names placed on the Voters' List, otherwise they will not be able to vote at the election for Councillors. Such application must be made to the Secty-Treas. of the District sometime between November 1st and December 31st both inclusive of each year during the usual office hours. Application may be made personally by the person claiming the right to vote, or it may be made through the party on account of whose assessment an applicant claims the right to vote. All persons who are of the opinion they have the right to vote under this provision should therefore be careful to make application to have their names placed on the Voters' List in due time, so that they may be able to cast their ballots at the next election for Municipal District Councillors.

Another amendment to the provisions of the Municipal District Act, which requires a copy of the Voters' List to be posted up at some central place in each polling division in the Municipal District. As the Act formerly stood, it only required that there should be a copy of the Voters' List posted in the Secty-Treas. office. This was inconvenient, because it frequently meant a special trip of quite a few miles, if an elector wished to find out whether or not his name was on the List.

Unless the business of a Municipality is controlled by an active and intelligent public opinion, there cannot be the results there should be from our Municipal Organizations. With the widening of the franchise and the making of additional provision whereby parties entitled to vote may make sure that their names are on the Voters' List, there will be an incentive to greater interest being taken in Municipal matters, as one of the weak spots in rural Municipal Organization in the past has been the lack of interest on the part of the majority of the electors as to who should be elected Councillors.

M. J. LIKNES Manager

Urge Alberta Farmers To
Sow Fall Rye

The Alberta Government is urging the farmers of Alberta to sow fall rye, and to try and have it in the ground by the middle of August. Arrangements are being made so that farmers who are unable to pay for this seed can obtain it from the government in the same way as the seed was supplied in the Spring. The Dominion Government has a supply of seed rye, at Calgary.

The various Municipal Districts will handle the financing in the organized districts, and by the Department of Agriculture in the unorganized parts of the province.

Hon. D. Marshall states that no farmer will make a mistake in sowing a considerable acreage of rye this fall. It will not only give good pasture this fall but will also provide pasture in the spring several weeks ahead of the grass, and can be pastured until the last of May, and then allowed to grow and a crop of rye harvested.

In many cases where other crops have failed, a fair yield of rye will be harvested and its worth as pasture is about as great as a grain crop.

Two Tommies went into a restaurant on the eastern front and said to the waiter, "We want Turkey with Greece."

"Sorry," the waiter replied, "but we can't Servia."

"Well, then, get the Bosphorus."

The boss came in and heard their order. Then he said, "I don't want to Russia but you can't Rumania."

So the two Tommies went away Hungary.

The son of his father is often a poker chip off the old block.

A careless compositor can play havoc with a serious poem as one did as short time ago back east.

As printed, the lines read:

"They faced the terrors of the deep
And guarded our shores while we were asleep."

The Outstanding Product of a
Large Manufacturing House

FOUR large factories and five distributing warehouses stand back of Brandram's Genuine B.B. White Lead.

Every step in its manufacture is closely watched by chemical engineers—nothing is left undone which would help to maintain the quality of the world's finest white lead.

Brandram's Genuine
B.B. White Lead

is different from any other white lead. To begin with, it is corroded by several secret processes which are then merged into a pigment of marvellous smoothness. This pigment is ground no less than five times, first under huge stones, and finally between heavy steel rolls. In this grinding process, it is made into a pulp by being mixed with pure refined linseed oil made in our own linseed oil mills.

Whenever you paint, use Brandram's Genuine B.B. White Lead if you mix your own paint. If you want to save the labor of mixing you can ensure the use of this quality pigment only by getting B-H "English" Paint.

is visiting her sister Mrs. E. T.
Stewart.

J. McNish returned last week
from a trip up in the North
country.

Thomas Martin is looking
over the hay and feed prospects
in the far North.

The annual Sunday School
picnic will be held this after-
noon.

The Ladies Aid will meet on
Wednesday afternoon at the
home of Mrs. A. H. Garies.

The Beaver Lumber Co. is
erecting a coal shed at the local
yards.

Mrs. W. G. MacKenzie, ac-
companied by her children, left
on Friday for Morden, Man., on
a lengthy visit with her par-
ents.

Four more local men return-
ed from overseas, last Friday
and Saturday. H. Duncan, E.
Hyland, N. Saski and P. Saski.

Mrs. S. English and Miss Elsie,
of Vancouver, are guests this
month of the former's parents,
Mr. and Mrs. A. Patterson.
—Chilliwack Progress, B. C.

S. Lewis and wife, A. Evans
and wife, and Mrs. G. Evans,
spent a week motoring in the
north. They visited Edmonton,
Moyerton, Buffalo Park and
other points.

Your Stationery

is your silent representative
If you sell fine goods that
are up-to-date in style and
of superior quality it ought
to be reflected in your print-
ing. We produce the kind
that you will not be ashamed
to have represent you.
That is the only kind it pays
to send out. Send your
orders to this office.

Is your Subscription paid up?

Is it hot enough for you?

Sedalia Sports were held yes-
terday afternoon.

Your friends will appreciate
the mention of their visit to
you, and you will appreciate
mention of your visit to them.
The editor will appreciate it
also if you will inform him of
these visits for publication in
this column.
